

Zoom Smart Phone Installation

First, go to the app store on your phone. You will need an app store or google play account to download apps if you have never done that before. Open up the App Store/Google Play and search for Zoom. These instructions are with Apple/App Store.

Zoom Mobile Apps

Start, join and schedule meetings; send group text, images and push-to-talk messages on mobile devices.

The correct app will look like this

Click on the Zoom picture to Download - On Iphone it will have a "Get"

After it downloads, It will show an open symbol, by clicking on here it will **OPEN the app**

ZOOM Cloud Meetings

Meet Happy

★★★★★ 113K

OPEN

On first use, it will ask your questions to allow for use.

**“Zoom” Would Like
to Access the
Microphone**

For people to hear you
during meetings, Zoom
needs access to your
microphone.

OK

Don't Allow

"Zoom" Would Like to Send You Notifications

Notifications may include alerts, sounds, and icon badges. These can be configured in Settings.

Allow

Don't Allow

It will now take you to below window, click "Join Meeting"

Start a Meeting

Start or join a video meeting on the go

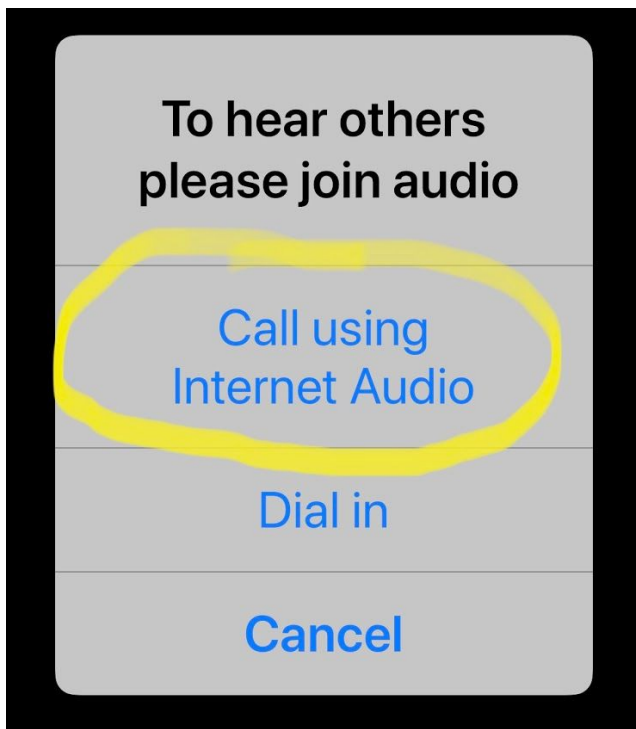

Join a Meeting

If you are connected to Wifi, click on Call using Internet Audio (preferred). If you do not have internet access, you can dial in.

Here you can enter the Meeting ID sent to your email. The email subject is Zoom Meeting Invitation. In the email it will have “Meeting ID: It is a numeric code that looks something like Meeting ID: 719 745 8858. Type ID Number in where is says “Meeting ID”

The meeting window will pop up and you should see everyone. When the meeting is over, there is a red **LEAVE** in the top right corner. Click on that.

When you want to open Zoom for another meeting, Look for the Zoom picture on one of your screens on your phone. Just tap on it and follow the steps above again After the Open step
